

Funksjonsverdi

Vekstfaktor

The diagram illustrates the exponential growth formula $f(x) = a \cdot b^x$. It features three labels with arrows pointing to specific parts of the equation: 'Funksjonsverdi' (black) points to $f(x)$, 'Vekstfaktor' (red) points to b , and 'Startverdi $f(0)$ ' (teal) points to a . The variables $f(x)$, a , and b are each enclosed in a semi-transparent box of their respective color (gray, teal, and red).

$$f(x) = a \cdot b^x$$

Startverdi $f(0)$
